Resolutions

1. Borrowing

The Management committee is mandated to borrow sums up to and including £40,000 to facilitate sound financial management of the club and enable the management committee to develop the club. This permission to borrow lasts a year, until the AGM of 2021. If further funds are required after that date or more time required within which to take out loans, permission must be sought from the AGM or an EGM on this matter at that time.

2. Membership – changes to membership categories and fees

Membership categories from March 1 2021 to be:
 Child: Junior: Student: Young Adult (18-30 in work); First Timer; Senior and Over 80. Hon Membership also remains a category.

Fees to be determined by club committee after proposals discussed at AGM.

Details of proposals are in the briefing note sent to all club members.

Consideration of this proposal includes review of re-submission of the Young Adult category, following a management committee decision in early 2020.
